# Scientific & Industrial Microscopes

## XES-70 Series Stereo Microscopes

This stereo microscope is a more advanced instrument with rotatable turret objective sets providing a 2-step magnification of 10x and 30x or 20x and 40x. These instruments have uses in both education and industry. High optical quality allows for extended use in inspection environments.

XES-70-2L Stereo Microscope

### XES-70-2L
