Buscador de centros:

1. Primero lea la distancia total en la escala superior.
2. Después busque el mismo número en la escala inferior. Es el centro.

Center search:

1. First read the distance.
2. Then find the same number here. That's the center.

Chercheur du centre:

1. Tout d'abord, lisez la distance.
2. Repérez ensuite le même nombre. Voilà le centre.

Rilevatore del centro:

1. Prima leggi la distanza.
2. Dopo cerca lo stesso numero qui. Questo è il centro.
