

TYPE 160-165 MOUNTING BRACKET

Description

The type 160-165 has been designed as a functional outdoor pole bracket mount, for type 508 camera housings and 554/556 dome combinations.

Type 160 pole bracket mount is constructed from mild steel, zinc plated and painted as standard. Supporting payloads not exceeding 15kg.

Type 165 is similar to the type 160 but caters for larger diameter poles. With the type 642 wall bracket fitted it can support payloads of up to 25 kg.

Key features:

- Robustly constructed
- Constructed from mild steel, zinc plated and painted
- Large pole dia range
- Payloads of up to 25kg
- Vandal resistant clamp fixings
