El adhesivo Venilia se coloca en todos los soportes lisos, limpios y secos. Si desea cubrir una superficie rugosa, primero debe lijarla. Sobre yeso, cemento, madera prensada, piedra etc, aplicar antes una capa de preparación o barniz.

O adesivo Venilia coloca-se sobre todas as superfícies lisas, limpas e secas. Para cobrir uma superfície áspera, esta deve ser polida previamente. Sobre gesso, cimento, madeira achatada, e pedra, utilizar previamente uma capa de preparação ou verniz.

A person wearing a white long-sleeved shirt is sitting at a wooden desk, typing on a silver laptop. The desk is made of light-colored wood with a natural grain pattern. A small, light-colored rectangular object is on the desk next to the laptop. The background is blurred, showing a window with greenery outside. A semi-transparent grey box is overlaid on the right side of the image, containing the text 'Mármoles' and 'Mármoles' in a serif font. The word 'Mármoles' is repeated vertically on the right edge of the grey box.
