En Atron® innovamos día a día en forma, color y ergonomía anticipándonos a sus necesidades y a las de su cocina.

Los fregaderos Atron® están compuestos de cuarzo y resinas de componente acrílico. Solamente utilizamos materiales que cumplen con la directiva europea CE 2002/72, relativa a la seguridad alimentaria.

Además, Atron® tiene la confianza de Silestone®, líder mundial en superficies de cuarzo, para adaptarse a su gamma de colores y poder ofrecer un producto coherente y uniforme con su cocina.

In Atron® we are innovating every day with shape, colour and ergonomics, anticipating your needs and those of your kitchen.

Atron® Sinks are made using quartz and resins with an acrylic component. We only use materials that comply with the European Commission directive EC 2002/72 relating to the food safety.

Likewise, Atron® fully trusts Silestone®, the worldwide leader in quartz surfaces, to adapt to its range of colours and be able to offer a uniform product in line with your kitchen.

Chez Atron® nous innovons chaque jour en forme, couleur et ergonomie en nous avançant à vos besoins et ceux de votre cuisine.

Atron® est un matériel composé de Quartz et de résines à composante acrylique. Nous n'utilisons que des matériaux qui répondent à la directive européenne CE 2002/72 relative à la sécurité alimentaire.

De plus, Atron® a la confiance de Silestone®, le leader mondial en surfaces de Quartz, pour s'adapter à sa gamme de couleurs et pouvoir offrir un produit cohérent et uniforme avec votre cuisine.
